17 August 2006

Dear members,

### **Technical Visit to CLP Power's Energy Efficiency Exhibition Centre on 23 Sep 2006**

You are cordially invited to join the captioned technical visit.

CLP Energy Efficiency Exhibition Centre (EEEC) was established in 2005 with an aim to promote energy efficiency and environmental awareness, and provide a one-stop access to energy information. The centre occupies a 400m<sup>2</sup> site where energy efficient and environmental friendly appliances and installations are on display in simulated home and commercial settings. A new type of energy efficiency technology, High Temperature Heat Pump (HTHP), is also installed for demonstration. This new emerging heat pump can produce hot water at a temperature up to 90°C and its coefficient of performance can be maintained at ~2.5 to 3. In addition to this, other energy efficiency products such as air-linked water heater, integrated heat pump water heater, domestic and commercial induction cookers, multi-functional dehumidifier, domestic and commercial fresh air unit, etc. can also be found.

By looking at the latest and most comprehensive range of domestic, commercial and industrial energy efficiency products and systems, visitors can know more about the efficient use of energy and become more environmental conscious.

Details of the visit are:

Date : 23 September 2006 (Saturday)  
Time : 10:00a.m. – 11:30a.m.  
Assembly Place: Ground floor of CLP Building, No. 215  
Fuk Wa Street, Shumshuipo, Kowloon  
Number of Participant: 25 (first-come-first-served)  
Fee : FREE

Members who are interested in joining this visit can fill in the attached reply slip and fax it to Ms. Vivien Lu by fax (fax no. 2765 7198) on or before 20 September 2006 to reserve a seat. Successful candidate will be notified by email or phone.

Should you have further enquiries, please feel free to contact the undersigned at telephone no. 2766 4194 or 9861 8559.

We look forward to seeing you there.

Yours sincerely,

A handwritten signature in black ink, appearing to be "Vivien Lu".

Vivien Lu  
Honorary Secretary  
Energy Institute (Hong Kong Branch)
