Technical Talk on Oil free Chiller and Optimum Chilled Water Plant Control

- Date :** 19 March 2009 (Thursday)
- Time:** 6:30 pm – 8:00 pm
- Venue:** Room 1006 on 1/F of HKPC Building, Hong Kong Productivity Council, 78 Tat Chee Avenue, Kowloon Tong, Kowloon
- Medium:** English presentation in slides
- Enquiry:** Mr. Gary Chiang
(Tel: 2678-6281 Email : secretary@energyinst.org.hk)

Programme Highlights

Oil-free Chiller and Hartman LOOP™ Control Systems can fulfill the objectives of reducing greenhouse gas emissions via energy reduction to achieve sustainable environment. The talk will present a new type of chiller and explain the features and benefits which enable building Owners and design professionals to achieve energy efficiency and reducing maintenance and operation costs in modern air-conditioning systems without undermining performance reliability and comfort cooling. A new approach on control systems that complimenting the oil-free chillers to optimize chiller plant efficiency will also be introduced.

Speaker

Mr. Dominic YIU of Chivas Corporation Ltd

Registration

For registration, please complete the registration form and email it to secretary@energyinst.org.hk or fax to 2678-7215.

Fee

Free of Charge
