Registration Deadline: 10 April 2018 (Tuesday)

Introduction

Having a housing stock of over 750,000 flats and serving about 30% of HK's population, Hong Kong Housing Authority's (HA's) standing practices to build sustainable homes and create harmonious communities along the core values of "Caring, Customer-focused, Creative and Committed" are signified by the passive design approach, modular flat design, BIM application, green specification, extensive prefabrication and construction. HA has clear road map on reducing carbon footprint from cradle to grave and go beyond the industry baseline in terms of (a) quality systems: ISO14001, ISO50001 (Hong Kong first), carbon and energy audits, community engagement; (b) pioneer R&D that gained wide recognition: micro-climate studies, GGBS, marine mud; zero irrigation system; Carbon Emission Estimation; Twin Tank System for potable and flushing water system, Two-stage Lighting System and EV charging system and (c) projects: BEAM-Plus-ready with large number of Platinum rated residential projects. In 2016, HA won the Green Leadership Award of the Green Building Award 2016 organized by HKGBC. The speaker will share HA's experience in BEAM Plus Platinum rated projects in this CPD session.

Speakers

Mr. Stephen Yim Yu Chau, Hong Kong Housing Authority Chief Architect, BEAM Pro

Mr. Stephen Yim Yu Chau is a Chief Architect of the Development & Construction Division in Housing Department of HKSAR Government. He is in charge of the development and standards, project design and contract management of public housing developments.

Certificate / Training Materials

e-CPD Certificate and training materials will be issued for each session by 1 month after course completion.

Registration

Number of participants is limited, and prior registration is required. Registration will be on a first-come-first-served basis (priority will be given to BSL members and Supporting Organisations).

Only registration through BSL's Online Training Portal is accepted.

For Existing Online Training Portal Users – please login to your Online Training Portal account to apply for the course.

For New Online Users – please register a new Online Training Portal Account to apply for the course.

BSL reserves the right to cancel, postpone or reschedule an event due to unforeseen circumstances, including low enrolment. Should a refund be appropriate, fee paid will be refunded within 30 days.
